

The Sedna is one of our most versatile models. Its arched hull shape and the waterline length were designed to provide stability combined with very predictable behaviour while requiring minimum effort to maintain a cruising speed of 5 to 7 km/h. These characteristics are sure to appeal to the day or weekend paddler who loves to go exploring in all types of weather and water conditions.

Sedna is the Sea Goddess among the Inuit; they worship her because she provides food, essential to their survival. Sedna also controls the animals and makes sure hunting is prosperous.

Material: Plastic

Option: Backband seat

Length 15' (4.57 m)	Beam 23 3/4" (60.3 cm)	Depth 12 1/2" (31.75 cm)
Cockpit 17" x 32" (43 x 81 cm)	Weight 59 lb (25 kg)	Volume 103 us gal (390 l)

Bow compartment
dia: 9 1/2" : 18 us gal (24 cm : 70 l)

Stern compartment 16 1/2" x 11 3/4" : 29 us gal (42 x 30 cm : 110 l)	Load capacity min/max 90 / 260 lb (40 / 118 kg)
